

# Summary Report

04/10/2023 – 04/17/2023

TOTAL HOURS: 38:36:52

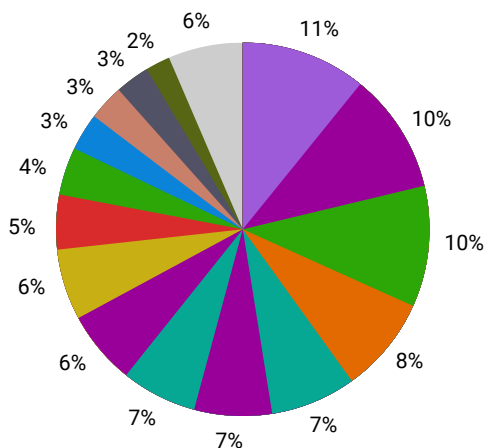

## USER

- DB Dominykas Baronas
- MM Martynas Muižys
- AR Armisatas

## DURATION

- 18:29:29
- 13:07:49
- 6:59:34

## TIME ENTRY

- Fixing authentication component, making register pop up unclosable, working on display of error messages for register
- implementing usernames with jwt and cookies
- Getting username using ajax request and jwt token from cookie, fixing socket disconnection
- Fixing register error message if user with the same username exists
- Meeting, documentation
- Registration pop up adjusting rendering of component and error messages
- improving global chat
- Meeting, fixing cookies bugs, sending cookies in the request header and setting it in React
- jwt token storing in cookie
- Integration of HttpOnly cookies
- Fixing log in and register components
- reviewing code/documentation
- Fixing code, removing the parts that were left from before
- fixing frontend

## DURATION

- 4:10:35
- 4:03:00
- 4:02:51
- 3:12:35
- 2:51:38
- 2:33:55
- 2:31:43
- 2:29:30
- 2:22:31
- 1:48:38
- 1:36:43
- 1:14:26
- 1:10:38
- 1:08:43

● Fixing socket with chat 0:48:57  
● Other time entries 2:30:29

USER - TIME ENTRY	DURATION	PERCENTAGE
